

## LOCATION

One of the great things about The Longlands is that it is easy to get to. We are based less than a mile from junction 35 of the M6 and we have plenty of parking right outside.

Less than 1 mile from junction 35

## EAT, SLEEP & DRINK

LONGLANDS  
Inn & Restaurant

## A WARM WELCOME

The Longlands is situated near coast and country. A family run Inn, it's independant, homely and always welcoming.

The Longlands successfully mixes an unstuffy and friendly atmosphere with the values of a good English pub. The very best of locally sourced food and real ales is complemented by family friendly 4\* accommodation in an enviable location.

## RESTAURANT

Hearty breakfasts, long lunches and lazy suppers. We pride ourselves on our country cooking. Using freshly sourced local ingredients, our chef creates menus based on pub classics but always with a twist. Everybody's welcome. We are child friendly, with a children's menu full of delicious home cooked food and activity bags to keep little ones busy. We're dog friendly too - dogs are welcome to accompany you if you are eating in the bar area.

## BAR

Join us for our live music events, meet up with friends or pop in for a quiet drink - whatever your tipples our simple country inn with old beams and uneven floor welcomes locals, visitors and four legged friends. Serving real ales, local beers and fine wines along with delicious bar meals.

## ROOMS

Our 4\* Individually styled rooms are full of luxuries and simple pleasures. An eclectic mix of old and new, all with Vi-Spring mattresses, bright contemporary bathrooms, fluffy white towels, televisions, and a tea and coffee tray.

Lapwing Rooms have views towards Tewitfield marina on the Lancaster Canal. They are larger, with bright airy windows and huge, comfortable beds.

Coach House rooms are in the higgledy piggledy old part of The Longlands and although smaller are full of charm with pleasant views across the countryside.

"Best sleep in ages." Trip Advisor, August 2012
